

CONGRESO LIFE IN COMMON LAND

Preservar a biodiversidade nunha terra pouco común con xente pouco común

Frank Vassen

EUROPEAN COMISSION - DG ENV

Biography

Frank is working as a team leader in the Nature Unit ENV.D3 in the General Directorate for the Environment of the European Commission in Brussels. His unit is responsible for the EU Birds and Habitats Directives, and the EU-wide Natura 2000 network of sites established under these directives. His current area of work covers issues of financing of Natura 2000, the LIFE program, agricultural policies and the biogeographical seminars.

EU Biodiversity Strategy for 2030. Strategy targets for protected areas and status improvement of species and habitats
