

# CONGRESO LIFE IN COMMON LAND

Preservar a biodiversidade nunha terra pouco común con xente pouco común

## Jakub Wejchert

EUROPEAN COMISSION - DG ENV

### Biography

Jakub is a Policy Officer at the Biodiversity Unit, DG Environment, at the European Commission, Brussels. His current responsibilities include contributing to the development of natural capital accounting at EU and international level and developing policy on ecosystem condition, services, values, and valuation. He also coordinates marine activities in the unit, with an emphasis on marine and coastal ecosystem restoration and conservation. He has worked for DG ENV for 14 years in the number of areas including on eco-innovation, sustainable consumption, and production, as well contributing to the development of EU proposals and negotiations on the Sustainable Development Goals. He holds a Ph.D. and BA (Mod) in Natural Sciences, from Trinity College Dublin, and recently completed a Diploma with the University of Cambridge on ecological monitoring.

### The Nature Restoration Law proposal.
